- EGLD holders: 10% unlocked after 1 month, 90% locked for 1 year and then linear release in the next 6 months (15% per month)

- option to lock your MEX rewards (as LKMEX) for **12 months** and receive a **double APR**. MEX will be released after 12 months during 6 months: **17%** for first 4 months and **16%** for last 2 months.

- swap fees: 0.3% distributed: 0.25% to LPs and 0.05% for MEX holders (buy MEX and burn them)

**Notice:** As more farms are added the farms distribution of the MEX per block between farms will be adjusted but the overall emission per block will remain in this range.
